ABOUT EZECON 2026

EZECON 2026 (East Zone Emergency Medicine Conference & Bengal EM Update) is the flagship annual academic conference of SEMI West Bengal Chapter, bringing together emergency and critical care professionals from across Eastern India and beyond on a single focused platform for learning, collaboration, and exchange of ideas.

EZECON 2025 recorded more than 450 delegate registrations, with faculty participation from across India and international faculty from the United Kingdom – strengthening the academic momentum for EZECON 2026.

The conference will feature a balanced and practice-oriented scientific programme with national faculty, didactic sessions, pre-conference workshops, oral presentations, quiz, and WBMC credit points. The programme is intended to promote evidence-based discussion, hands-on skill development, and meaningful academic engagement in emergency medicine and acute care.

TOPICS COVERED

Resuscitation & Acute Care

Airway, shock, sepsis, toxicology, critical decisions

System-Based Emergencies

Cardiac, respiratory, renal, gastrointestinal, neurological and endocrine emergencies

Trauma & Procedural Emergency Care

Trauma assessment, emergency procedures and hands-on skill

Special Population Emergencies

Geriatric, paediatric, obstetric and gynaecological emergencies

Emerging Frontiers in EM

AI in Emergency Medicine, digital tools and future directions

Emergency Systems & Administration

ED operations, leadership, quality improvement and emergency care pathway
